EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Steven Kelber on January 3, 2005.

On line 5 of claim 12, the phrase "one sample" was changed to --a first sample--. On lines 8-9 of claim 12, the phrase "a second reagent having heavy stable isotopes" was changed to the following phrase: --a second reagent which comprises a thiol-specific reactive group attached to a guanidino group via a linker, said linker is differentially labeled with heavy stable isotopes--. At the end of line 11 in claim 12, the word --and-- was inserted.

Withdrawn claims 14-20 were canceled.

2. The following is an examiner's statement of reasons for allowance: Application serial no. 10/044,708 is being allowed since none of the prior art of record teaches or fairly suggests a method for enhancing the identification and quantitation of proteins and peptides using matrix-assisted laser desorption/ionization (MALDI) mass spectrometry which comprises the steps of reducing the disulfide bonds in proteins and peptides from a first biological sample, labeling the proteins and peptides with a reagent that comprises a thiol-specific reactive group attached to a guanidino group via a linker, wherein the linker can be differentially labeled with light or heavy isotopes, separating the proteins and peptides from the sample, digesting the proteins to provide

all peptides in the sample, and subjecting the peptides to quantitative MALDI-mass spectrometry for analysis and identification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
